We Understand & We Care!

CAROLINE YAO, M.D.

Pediatric Orthopedic

Dr. Caroline Yao is a pediatric plastic surgeon and assistant director of the cleft lip and palate program at Shriners for Children Medical Center. Dr. Yao is a volunteer faculty member at the division of plastic surgery of the University of Southern California, and a research affiliate at Boston Children's Hospital of Harvard University. She is also a research consultant for Operation Smile International, an international children's medical charity.

As a mother, artist and surgeon, Dr. Yao is passionate about listening to each family carefully, understanding their goals and getting to know every one of her patients. She works hard to design the best treatment plan possible for each child and family.
