We Understand & We Care!

**Elena Barengolts, M.D.**

**Endocrinology**

**Dr. Elena Barengolts** is an endocrinologist and former professor with over 30 years of experience. She was the section chief of endocrinology at the Jesse Brown VA Hospital in Chicago, a professor of medicine at University of Illinois at Chicago, and on the editorial board for the Journal of Endocrine Practice (AAE).

In addition to her clinical work, Dr. Elena Barengolts has been the primary investigator on numerous multi-center clinical trials and investigator-initiated research on new therapies. Her research, including work on microbiota and Covid-19, has been published in multiple scientific journals. Her passion is providing the most cutting-edge therapies in endocrinology to all of her patients.
