We Understand & We Care!

## JERRY KIM, M.D.

Vascular Surgery

Dr. Kim was born and raised in Southern California and received his B.S. in molecular biology at UCLA. His training included medical school at Baylor College of Medicine in Houston, general surgery residency at Harbor-UCLA in Torrance, and vascular surgery fellowship again at Baylor College of Medicine in Houston. He is very excited for the opportunity to serve Southern California and look forward to caring for patients in our community with vascular diseases.
